Professional Summary

Frontend Developer specializing in Next.js and React with hands-on experience building modern, responsive, and user-focused web applications. Passionate about digital business, clean UI/UX, and scalable frontend architecture. Strong problem-solving mindset with experience in collaborative environments, volunteering, and leadership activities.

Technical Skills

Frontend: HTML5, CSS3, Tailwind CSS, React.js, Next.js

Backend: Node.js, Express.js, MongoDB

Tools: Git, GitHub, Vercel, Netlify, Render, Figma

Other: REST APIs, JWT Authentication, Responsive Design

Projects

NookNest | Next.js, React, Tailwind CSS, MongoDB, Node.js, Express.js

Built a premium study room and workspace booking platform with responsive UI, room filtering, secure JWT authentication, and optimized user experience. Designed and developed the entire full-stack application independently.

Live: nooknest.vercel.app

BikoBook | Next.js, React, Tailwind CSS, HeroUI, Better Auth

Developed an online book borrowing platform with authentication, responsive interface, and smooth browsing experience. Implemented reusable UI components and modern frontend architecture independently.
